

## **ANNEXES OF THE ASEAN COSMETIC DIRECTIVE**

Annex II Part 1:

List of substances which must not form part of the composition of cosmetic products

Annex III – Part 1

List of substances which cosmetic products must not contain except subject to restrictions and conditions laid down

(Note: This version of Annex III is NOT the finalised version and may still be subject to changes pending finalised version from ACSB Secretary)

Annex IV – Part 1

List of colouring agents allowed for use in cosmetic products

Annex VI

List of preservatives allowed

Annex VII

List of permitted UV filters which cosmetic products may contain

Updates are highlighted in purple

**Annex III – List of substances which cosmetic products must not contain except subject to restrictions and conditions laid down**

**Annex III – Part 1**

**LIST OF SUBSTANCES WHICH COSMETIC PRODUCTS MUST NOT CONTAIN EXCEPT SUBJECT TO RESTRICTIONS AND CONDITIONS LAID DOWN**

Ref #	Substance	Restrictions			Conditions of use and warnings which must be printed on the labels
		Field of application and/or use	Maximum authorised concentration in the finished cosmetic product	Other limitations and requirements	
A	B	C	D	E	F
1a	Boric acid, borates and tetraborates with the exception of substance No 1184 in Annex II	(a) Talc  (b) Products for oral hygiene  (c) Other products (excluding bath products and hair waving products)	(a) 5% (by mass/mass as boric acid)  (b) 0.1% (by mass/mass as boric acid)  (c) 3% (by mass/mass as boric acid)	(a) 1. Not to be used in products for children under 3 years of age 2. Not to be used on peeling or irritated skin if the concentration of free soluble borates exceeds 1.5% (by mass/mass as boric acid)  (b) Not to be used in products for children under 3 years of age  (c) 1. Not to be used in products for children under 3 years of age 2. Not to be used on peeling or irritated skin if the concentration of free soluble borates exceeds 1.5% (by mass/mass as boric acid)	(a) 1. Not to be used in products for children under 3 years of age  2. Not to be used on peeling or irritated skin  (b) 1. Not to be swallowed 2. Not to be used in products for children under 3 years of age  (c) 1. Not to be used in products for children under 3 years of age 2. Not to be used on peeling or irritated skin

**Annex III – List of substances which cosmetic products must not contain except subject to restrictions and conditions laid down**

Ref #	Substance	Restrictions			Conditions of use and warnings which must be printed on the labels
		Field of application and/or use	Maximum authorised concentration in the finished cosmetic product	Other limitations and requirements	
1b	Tetraborates	(a) Bath products  (b) Hair waving products	(a) 18% (by mass/mass as boric acid)  (b) 8% (by mass/mass as boric acid)	(a) Not to be used in products for children under 3 years of age	(a) Not to be used for bathing children under 3 years of age  (b) Rinse well
2a	Thioglycolic acid and its salts	(a) Hair waving or straightening products:  1. General use  2. Professional use  (b) Depilatories  (c) Other hair care products which are removed after application	(a)  1. 8% ready for use at pH 7 – 9.5  2. 11% ready for use at pH 7-9.5  (b) 5% ready for use at at pH 7-12.7  (c) 2% ready for use at pH 7-9.5  Percentages calculated as total thioacids, i.e., either singly (thiolactic acid or thioglycolic acid alone) or combination of thiolactic acid and thioglycolic acid in a given formula	(a) (b) (c)  The directions for use drawn up in the national or official language(s) must obligatorily incorporate the following sentences:  • Avoid contact with eyes. • In the event of contact with eyes, rinse immediately with plenty of water and seek medical advice. • Wear suitable gloves (a) and (c) only.	(a)  • Contains thioglycolate • Follow the instructions • Keep out of reach of children • For professional use only  (b) and (c)  • Contains thioglycolate • Follow the instructions • Keep out of reach of children

**Annex III – List of substances which cosmetic products must not contain except subject to restrictions and conditions laid down**

Ref #	Substance	Restrictions			Conditions of use and warnings which must be printed on the labels
		Field of application and/or use	Maximum authorised concentration in the finished cosmetic product	Other limitations and requirements	
2b	Thioglycolic acid esters	Hair waving or straightening products:  1. General use  2. Professional use	1. 8% ready for use at pH 6-9.5  2. 11% ready for use at pH 6-9.5  Percentages calculated as thioglycolic acid.	The directions for use drawn up in the national or official language(s) must obligatorily incorporate the following sentences: <ul style="list-style-type: none"> <li>• May cause sensitisation in the event of skin contact.</li> <li>• Avoid contact with eyes.</li> <li>• In the event of contact with eyes, rinse immediately with plenty of water and seek medical advice.</li> <li>• Wear suitable gloves.</li> </ul>	<ul style="list-style-type: none"> <li>• Contains thioglycolate</li> <li>• Follow the instructions</li> <li>• Keep out of reach of children</li> <li>• For professional use only</li> </ul>
3	Oxalic acid, its esters and alkaline salts	Hair care products	5%		For professional use only
4	Ammonia		6% calculated as NH <sub>3</sub>		Above 2%: Contains ammonia
5	Tosylchloramide sodium (INN)		0.2%		
6	Chlorates of alkali metals	(a) Toothpaste (b) Other uses	(a) 5% (b) 3%		

**Annex III – List of substances which cosmetic products must not contain except subject to restrictions and conditions laid down**

Ref #	Substance	Restrictions			Conditions of use and warnings which must be printed on the labels
		Field of application and/or use	Maximum authorised concentration in the finished cosmetic product	Other limitations and requirements	
7	Entry left intentionally blank				
8	N-substituted derivatives of p-Phenylenediamine and their salts; N-substituted derivatives of o-Phenylenediamine <sup>(5)</sup> , with exception of those derivatives listed elsewhere in this Annex and under reference numbers 1309, 1311 and 1132 in Annex II	Oxidizing colouring agents for hair dyeing:  1. General use  2. Professional use	6% calculated as free base		<p align="center"></p> <p>1. Hair colorants can cause severe allergic reactions.</p> <p>Read and follow instructions. This product is not intended for use on persons under the age of 16. Temporary "black henna" tattoos may increase your risk of allergy. Do not colour your hair if:</p> <ul style="list-style-type: none"> <li>• you have a rash on your face or sensitive, irritated and damaged scalp,</li> <li>• you have ever experienced any reaction after colouring your hair,</li> <li>• you have experienced a reaction to a temporary "black henna" tattoo in the past</li> </ul> <p>Contains phenylenediamines. Wear suitable gloves. Do not use to dye eyelashes or eyebrows.</p> <p align="center"></p> <p>2. Hair colorants can cause severe allergic reactions.</p> <p>Read and follow instructions. This product is not intended for use on persons under the age of 16. Temporary "black henna" tattoos may increase your risk of allergy. Do not colour your hair if:</p> <ul style="list-style-type: none"> <li>• you have a rash on your face or sensitive, irritated and damaged scalp,</li> <li>• you have ever experienced any reaction after colouring your hair,</li> <li>• you have experienced a reaction to a temporary "black henna" tattoo in the past</li> </ul> <p>For professional use only.</p> <p>Contains phenylenediamines. Wear suitable gloves.</p>

Ref #	Substance	Restrictions			Conditions of use and warnings which must be printed on the labels
		Field of application and/or use	Maximum authorised concentration in the finished cosmetic product	Other limitations and requirements	
A7	Thioacids and their derivatives	All products		Not for use around the eye area.	Not for use around the eye area.
A8	Dihydroxyacetone	Tanning products			This product does not contain a sunscreen and does not protect against sunburn
A9	Thiolactic acid and its salts	(a) Hair waving or straightening products  (b) Depilatories  (c) Other hair care products which are removed after application	(a) 8.5% ready for use at pH<9.5  (b) 5% ready for use pH 7-12.7  (c) 2% ready for use pH 7-9.5  (d) Percentages calculated as total thioacids, i.e., either singly (thiolactic acid or thioglycolic acid alone) or combination of thiolactic acid and thioglycolic acid in a given formula.	For (a), (b) and (c): The direction for use drawn up in the national or official language(s) must incorporate the following sentences: <ul style="list-style-type: none"> <li>• Avoid contact with eyes</li> <li>• In the event of contact with eyes, rinse immediately with plenty of water and seek medical assistance.</li> <li>• Wear suitable gloves (a) and (c) only</li> </ul>	(a), (b) and (c) <ul style="list-style-type: none"> <li>• Contains thiolactic acid</li> <li>• Follow the instructions</li> <li>• Keep out of reach of children</li> </ul>
A10	Tranexamic acid	Skin products	3.0%	Not to be used in products intended to be placed in contact with mucous membranes	

(1) These substances may be used singly or in combination provided that the sum of the ratios of the levels of each of them in the cosmetic product expressed with reference to the maximum level authorized for each of them does not exceed 1.

### Annex III – List of substances which cosmetic products must not contain except subject to restrictions and conditions laid down

- (2) Only if the concentration exceeds 0.05%.
- (3) Deleted.
- (4) The quantity of sodium, potassium or lithium hydroxide is expressed as weight of sodium hydroxide. In cases of mixtures, the sum should not exceed the limits given in column d.
- (5) These substances may be used singly or in combination provided that the sum of the ratios of the levels of each of them in the cosmetic product expressed with reference to the maximum level authorised for each of them does not exceed 1.
- (6) The concentration of sodium, potassium or lithium hydroxide is expressed as weight of sodium hydroxide. In case of mixtures, the sum should not exceed the limits given in column d.
- (7) Deleted.
- (8) Solely for products which might be used for children under three years of age and which remain in prolonged contact with the skin.
- (9) As a preservative, see Annexe VI, Part 1, No 9
- (10) As a preservative, see Annexe VI, Part 1, No 23
- (11) As a preservative, see Annexe VI, Part 1, No 8
- (12) For all toothpaste containing 0.1-0.15% fluoride unless it is already labelled as contra-indicated for children (e.g. For adult use only). Must also carry 6mm diameter solid circle between the words “pea sized” and “amount” to indicate actual amount to be used.
- (13) Labeling mandatory for products containing Glycolic and/or Lactic acids at a concentration  $\geq 2.5\%$  and do not contain a sunscreen. Not required for products that are intended to be applied to non sun exposed areas of the body, contain a sunscreen or a lower concentration of AHA.
- (15) The free base and salts of this hair colouring ingredient, unless prohibited under Annex II, are permitted for use.
- (16) As a preservative, see Annexe VI, Part 1, No 58
- (17) As a preservative, see Annexe VI, Part 1, No 3
- (18) As a preservative, see Annexe VI, Part 1, No 44
