FSN identifier: FSN –20190611  
FSCA identifier: FSCA –20190611

Date: 2019-06-11

---

To: Distributors, hospitals & physicians

---

## **Urgent Field Safety Notice**

**Affected Product: Occlutech Delivery Set**  
**REF: 51DS011 / LOT: S18084, S18089 and S19009**

**FSN identifier: FSN-20190611**  
**Type of action: device destruction**

**Attention:** 11F Occlutech Delivery Sets (ODS) having LOT number S18084, S18089 and S19009 contain malfunctioning (leaking) loaders.

### **Details on affected devices:**

Product name: **Occlutech Delivery Set (11F)**  
REF: **51DS011**  
LOT: **S18084, S18089, S19009**

### **Description of the problem:**

Occlutech Delivery Sets (ODS) contain several components, including a delivery sheath, loader, hemostatic valve, and a dilator. Occlutech became aware that *three lots of the 11F ODS* contain mis-assembled parts that result in a leaking connection between the loader and the hemostatic valve components of the ODS. The presence / absence of such leaks is detected easily during the pre-procedural “flushing” of the device to remove air bubbles.

### **Actions to be taken by the user:**

1. Distributors, physicians and/or hospitals should immediately inspect their current inventories of *11F Occlutech Delivery Sets* and quarantine and permanently dispose of all products with the following Lot Numbers:

**S18084, S18089 and S19009**

in such a way as to prevent distribution or usage.

2. Distributors, physicians and/or hospitals should immediately complete the attached Product Reconciliation Form “*Att.1 FSN-20190611\_Product reconciliation form*” and return completed forms to Occlutech (see “Contact reference person”, below).

- 
3. Transmission of this Field Safety Notice: (if appropriate): This notice needs to be shared with users (physicians and/or hospitals) of the affected devices. Please assure and maintain awareness of this FSN among user of affected 11F ODS lots to ensure proper quarantining, destruction and disposal of products.

**Action to be taken by Occlutech:**

Occlutech has taken all necessary steps to notify relevant authorities and has implement corrective and preventive actions.
