## Provisional Authorisation for COVID-19 Tests

<i>Applicant</i>	Sailfish Innovations Pte Ltd
<i>Name of test</i>	Novel Coronavirus 2019 n-CoV Antigen Test (Colloidal Gold)
<i>Intended purpose (As per manufacturer's information for use)</i>	<p><i>This kit is used for in vitro qualitative determination of novel coronavirus antigen in human nasal swabs or throat swabs. It is used as rapid investigation for suspected cases of novel coronavirus.</i></p> <p><i>A positive test result indicates that the sample contained novel coronavirus antigen. A negative test result does not rule out the possibility of infection.</i></p> <p><i>This product is only used for clinical and emergency reserve during the pneumonia outbreak of novel coronavirus infection, and can not be used as a routine in vitro diagnostic reagent for clinical application. The test results of this kit are for clinical reference only. It is recommended to conduct a comprehensive analysis of the condition based on the patient's clinical manifestations and other laboratory tests.</i></p> <p><i>For professional use only.</i></p>
<i>Date of Provisional Authorisation</i>	29 January 2021
